

Where do You Want to be in Five Years?

Where are you now? (i.e. Sophomore in high school)

1 year from now

2 years from now

3 years from now

4 years from now

5 years from now

Let's add a few realities. For each life scenario below, adjust your 1-5 year chart.

Scenario 1: Tomorrow, you win a \$1,000,000 lottery.

Scenario 2: In Year 1, you are laid off or your company has downsized.

Scenario 3: In Year 2, you marry and buy a house.

Scenario 4: In Year 3, your spouse lands an exceptional job half way around the world.

Scenario 5: In Year 4, you suffer a serious health complication, can't work for six months, and are told you should change both your job and lifestyle.

Save your work and return at any time or download a PDF to capture this current version for sharing or filing.
